

# Memorial Tree To Eisenhower Will Be Planted In Soil From 48 States, Famous War Fields

A bit of the Alamo will be mingled with the hallowed soil of Gettysburg when a pound of good earth of each of the forty-eight states, Alaska and Hawaii is used to plant the memorial pine tree on the original site of the Camp Colt headquarters on August 29.

Texas officials dug their soil from the famous battlegrounds (fought Nov. 13, 1863) on August 5 for shipment to Gettysburg. Louisiana officials also chose a battle spot for scooping up their memorial, selecting the Chalmette Battlefield, site of the Battle of New Orleans, January 8, 1815.

To date six state governors have responded to the tanker appeal by personally digging up soil. Governors George N. Craig, Indiana, and C. Elmer Anderson presented soil from the capitol grounds. Governor Theodore McKeldin, Maryland, who spaded the Maryland soil noted that it had "brought forth our national anthem... enriched our national culture, our valiant history, our national economy, and our traditions of freedom."

Other governors to respond were Burton M. Cross, Maine, Robert Meyner, New Jersey, and Robert R. Crosby, Nebraska. Soil has also been received from Hawaii and 41 states.

The Colorado claim-by-soil on the Gettysburg battlefield was gathered from the yard of Mrs. John S. Doud, mother of the nation's "First Lady." Magnolia State officials in sending along the fertile Mississippi soil wrote, "This is good for cotton, corn, watermelon, oil and especially good for timber. This rich Mississippi dirt will help the Little Pine Tree become the Memorial it ought to be."

North Carolina soil came from the capitol grounds, and Hawaii's from famed Waikiki Beach, scooped up in a coconut shell by Miss Kapolani Miller, Miss Hawaii of 1954.

**Original Colt HQ.**  
The Pine Tree Memorial will be planted on the east side of the Emmitsburg Road near the north end of the field of Pickett's Charge about three hundred yards from the headquarters of Dwight D. Eisenhower, when as a captain he commanded Camp Colt where the original tank corps battalions trained. Other members of the first battalion were: General George S. Patton Jr., 2nd Army Commander, Lt. General Floyd L. Parks, and Ambassador Henry Cabot Lodge Jr.

Planting ceremonies will highlight the first reunion of tank corps veterans in thirty-six years. It will be a tribute to the men who manned the iron cavalry through three wars and to their former camp commander and now commander-in-chief, President Eisenhower.

President Eisenhower has been invited to attend the ceremonies which will take place August 27-28.

# DRIVER FINED

Richard A. Brady, McSherrystown, who pleaded guilty to a charge of turning off his automobile lights to avoid identification and arrest in court at York on May 24, was sentenced to pay a fine of \$100 and costs on Friday.

# SPECIAL POLIO DONATIONS GO OVER \$500 MARK

Adams County contributions so far to the current emergency March of Dimes campaign total \$508.53, Mrs. Joseph E. Codori, drive chairman, reported today.

Contributions sent in so far in the mail campaign vary from ten cents to \$10 and Mrs. Codori says there have been many of the \$10 bills.

Gettysburg is leading in donations with residents of the community and its rural routes contributing \$245.38 so far.

Because the entire campaign has been by mail, the donations are broken down by post office. The contributions include: Abbottstown, \$8; Arendsville, \$2.40; Apers, \$12; Bendersville, \$14.50; Biglerville, \$32; Cashtown, \$7.40; East Berlin, \$22.50; Fairfield, \$12.10; Gardners, \$22.70; Greenstone, \$1; Guernsey, \$7; Gettysburg, \$245.38; Iron Springs, \$1.50; Littlestown, \$34.80; McKnightstown, \$5; New Oxford, \$34; Orrtanna, \$7; Peach Glen, \$1; and York Springs, \$37.25.

# Plan Special Program

A special March of Dimes program is to be held in the near future, it was reported, with Miss Connie Stallsmith, of Biglerville, presenting an acrobatic act in the Biglerville High School with proceeds from the performance going to the Polio fund.

Mrs. Codori said today the current emergency campaign by the county society is designed to help the National Foundation raise approximately \$20,000,000 needed to carry on its program this year.

With a nationwide increase in polio incidence and a large carry-over of patients from last year, the cost of caring for persons ill with the disease is at an all-time high.

In addition the nationwide test of a polio vaccine being carried out at the present time, plus preparation of gamma globulin for use in combating polio and other diseases, is causing the national group to need to expend about \$20,000,000 more than the \$55,000,000 it raised in the January March of Dimes.

# Ex-Marine Flies Atlantic; Planned Hour Hop In Canada

SHANNON, Ireland (AP)—A former U. S. Marine jet pilot flew into Shannon airport from Newfoundland—via Paris—today after starting off on what he insisted was a one-hour hop in Canada in a single-engine plane.

Thomas H. Danaher, 30-year-old uranium miner from Wichita Falls, Tex., wouldn't say much about how he happened to extend his flight, but he did say emphatically: "The trip added ten years to my life."

Danaher, a 6-footer in a big Texas hat, a leather jacket and fawn trousers, said he always wanted to see Paris. The Marine reservist flew in the Pacific in World War II and in Korea.

So, fitting out his Beech Bonanza with additional fuel tanks, he notified authorities in Canada he was off on a short hop. Somehow, he explained, to newsmen here, he headed across the Atlantic and reached Paris—or, at least, the sky above Paris. He couldn't get permission to come down so he turned back to Shannon, he added. After 3,100 miles and 13½ hours of flying he came down about midnight.

# Soil From The Alamo Sent Here

A pound of earth is dug from the Alamo grounds, near the spot where David Crockett fell, for use in planting the Memorial Pine Tree here in honor of President Eisenhower who commanded the Tank Corps at Camp Colt here in 1918. The World War Tank Corps Association will plant the tree next Saturday afternoon with one pound of native soil from each of the 48 states. The Texas earth is taken from the Alamo grounds in San Antonio, Tex., by A. B. Crowther, vice president of the Texas National Bank and a former brigadier general in the Texas National Guard and Pvt. Joyce Allbritton of the WAC Detachment, Fort Sam Houston, Tex.

# Says Jets Can Fly Non-stop Around World

By VERN HAUGLAND

AP Aviation Writer  
OMAHA (AP)—The Strategic Air Command, global striking arm of the U. S. Air Force, says its jet bombers could fly nonstop around the world in less than 48 hours.

SAC pilots are eager to make the try, but their commander, Gen. Curtis E. Lemay, frowns on the idea.

"Why?" said Lemay to an inquiring reporter.

"What would be the point? Why waste the taxpayer's money?"

**Pilots Coaxing**  
Brig. Gen. William (Butch) Blanchard, SAC's deputy director of operations, told the Air Force Association (AFA) at a briefing at SAC headquarters yesterday that the SAC bombers could "knock 50 hours off the flight time they wanted to."

The B50 medium bomber Lucky Lady II, a modified Boeing B29 Superfortress, encircled the globe nonstop, 23,452 miles, in 94 hours in March, 1949. It was refueled in flight four times, and averaged 249 miles an hour.

SAC pilots of Boeing B47 medium bombers at MacDill Air Force Base, Fla., and elsewhere have been coaxing their superiors for many months to let them set new globe-girdling records. The six-jet B47 has an average speed well above 500 miles an hour, and is readily refueled in flight.

# MISS WEIKERT ESCAPED INJURY

Miss Edith Weikert, 28, 253 Baltimore St., escaped uninjured at 8:10 o'clock this morning when a car she was driving upset 6½ miles south of here on the Emmitsburg Rd.

State Police said Miss Weikert, shaken by the accident which demolished the vehicle, but otherwise unhurt, was still sitting in the auto when they arrived.

Headed for Emmitsburg where she had planned to assist a brother in moving this morning, Miss Weikert lost control of the 1949 convertible. The car left the road and rolled over on its right side, after climbing part way up an embankment. Miss Weikert clung to the wheel to keep from being thrown from the vehicle.

The auto was owned by Russell J. Baker, Fairfield R. 1. Police said the cost of repairing the vehicle would be greater than the list value of the car—\$600.

# MAN ORDERED TO POST BOND AFTER SHOOTING

Paul Laughman, Hanover R. 3, was found guilty of surety of the peace by the Adams County court Friday and was ordered to post a bond for \$500 to guarantee that he will keep the peace and pay the costs.

The charge against Laughman had been brought by John E. Brown, also of Berwick Twp., Laughman's brother-in-law.

Brown told the court that on the morning of June 1, about 1:30 o'clock, Laughman had fired six shots from a rifle into the air while standing on the Brown lawn and had shouted that if Brown came out he would "blow your head off."

Brown further added that he had not gone out, and that he was afraid of Laughman. He said he and his wife had been awakened by the first salvo of three shots fired by Laughman.

**Neighbors Aroused**  
Mrs. Brown, sister of Mrs. Laughman, who according to the testimony left her husband sometime ago, confirmed her husband's report of the proceedings. The next door neighbor, John C. Leese, said he and his wife were awakened by shots, which also woke their four children.

Awakening at what he thought was 11 p.m., Laughman told the court he had decided to take his 30-30 rifle and three shells that he had, to his brother's for safekeeping. Arriving at the home of his brother, Laughman said, he found him apparently asleep, so decided to return home. Enroute to his home, as he passed the Brown house, Laughman said it occurred to him to get rid of the shells. He got out of the truck and standing beside it on the highway fired the rifle.

After he got over the hill from the (Continued On Page 9)

# McCarthy Jury TRIES TODAY FOR DECISION

By G. MILTON KELLY

WASHINGTON (AP)—The senatorial "jury" that probed the McCarthy-Army controversy planned closed doors to break through barriers of discord and agree upon a verdict.

Chairman Mundt (R-S.D.), who presided at the hearings by the Senate Investigations subcommittee, said failure to agree would mean a lapse of weeks or months before the group's seven members could meet again.

Prospects for agreement "are not good, but they're not hopeless," Mundt told a news conference last night.

Not Quite Finished

Sen. McClellan of Arkansas, senior Democrat on the subcommittee, said he considers it "not possible to agree" today. He's writing a proposed statement of what he thinks the hearings showed but said, "It isn't quite finished."

Some senators have said privately there has been delaying friction within the subcommittee, some of it because of sheer weariness in the hard grind of the Congress windup, and some due to resentment against alleged efforts to "steer" the findings.

Meanwhile, Chairman Watkins (R-Utah) of a special bipartisan committee that will hold a new and wider investigation of McCarthy, scheduled a conference with McCarthy's lawyer to discuss procedural and other matters.

Watkins said he does not plan to propose a postponement of his group's public hearings from their scheduled Aug. 30 starting date, but that he does not rule out the possibility that the subject will be mentioned.

Four Courses Open

The special committee will look into charges leveled at McCarthy as possible grounds for censure action by the Senate.

Mundt said if members of the McCarthy-Army "jury" can't agree on a report now he will ask them to choose from among these possible courses:

1. Recess until sometime after mid-September, when he would call them back into session.
2. Call off negotiations until the Senate reconvenes—which it plans—in the fall or winter to receive the Watkins committee's report.
3. Let the Republicans and Democrats try to agree on separate reports by mail polls.
4. Have each member—four Republicans and three Democrats—write a separate verdict, and file them together as a single document, Mundt termed this the least desirable of the four.

Congress Ends

(Continued From Page 1)

"Summer White House."

The administration was dealt one final rebuff by both the Senate and House as they ignored warnings of a presidential veto and passed a bill to give 1 1/2 million government employees an average 5 per cent pay raise.

The administration position was that such a raise should go hand in hand with legislation to boost postal rates to cover most of the estimated 380-million-dollar cost of the new paycheck increases.

Knowland made a futile effort to tack a postal rate increase to the pay bill, but his proposal was voted down 55-16. Then the Senate passed the pay bill 69-4. Later, the House—without debate—passed the measure on a voice vote.

Poor Timing On Salary Boost

In connection with the pay raise squabble, Democratic Sen. Edwin C. Johnson of Colorado, who is retiring voluntarily at the end of this year, tried to hand his colleagues a goodbye present. But instead of thanking him for the gesture, his fellow senators recoiled in horror.

He offered an amendment to increase the salaries of Congress members and federal judges from the present \$15,000 a year to \$25,000.

Democrats, Republicans and Sen. Morse of Oregon, the Senate's lone independent, rose in frantic opposition. Several noted the upcoming election and hinted the voting public might not take kindly to a last-minute, self-voted congressional pay raise. In the end, Johnson withdrew his amendment.

Good Will Prevails

Good will prevailed in the House as the last working day of the 83rd Congress drew toward an end.

The chamber adopted a resolution of thanks, lauding Speaker Joe Martin (R-Mass) for "the able, impartial and dignified manner" in which he had presided during the last two years. Afterward Martin expressed his appreciation in a voice laden with emotion. He singled out House Democratic Leader Sam Rayburn of Texas for special mention as "my good beloved friend of many years." It was Rayburn—himself a former speaker—who had offered the resolution to commend Martin.

In the Senate, Democratic Sen. Fear of Delaware praised Republican Leader Knowland for his "sincerity" and Democratic leader Johnson for his firm direction.

And Johnson asserted his "deep affection" for Knowland, whom he called a "loyal and sincere American."

Injured Workman In York Hospital

An Abbotsford, R. D. construction worker, hurt Friday morning in a York area building project, was still under treatment at West Side Osteopathic Hospital, West York, Friday afternoon and hospital officials said they could not evaluate his condition.

Marlin Baker, an employee of William Altland and Sons, Abbotsford, was hit on the back by a steel object, according to hospital attaches. Baker, who was admitted as a patient, was said to be suffering from internal injuries.

Waynesboro Buys Airport Property

The Waynesboro School Board has purchased the central buildings and about four acres of ground of the Waynesboro Airport for \$20,000 from Mrs. Malcolm Hardy.

The buildings, after repairs, will be utilized for some shop or agricultural classes and practice will be conducted at the airport.

Littlestown Second In Parkville Parade

Top honors in a firemen's parade featuring the annual four-day carnival of Parkville Fire Company Friday night went to the marching unit of Hanover Fire Department. The group received \$60 for the best appearing unit accompanied by \$30.

Second place, \$30, went to Alpha Fire Company, Littlestown, and a similar amount was awarded to Centennial Fire Company for best appearing unit without music.

Pleasant Hill Fire Company received \$20 for the most men in line and \$15 was presented to Friend-ship Fire Company, Pennville, for the best appearing truck. The Pikesville, Md., company received \$15 for coming the longest distance.

## Simple Checks Often Best In Getting Low-Down On Efficiency Of Car; Road Test Unnecessary

By FREDERICK C. RUSSELL

Low cars these days would be a lot safer if fewer drivers were so high.

**Car Testing Simplified**

There are some simple ways of getting the low-down on the car's efficiency, and by using them you are saved a lot of trouble. Many do not realize, for instance, that you can tell more about an engine by driving it slowly in high gear than by trying to drive the daylight out of it on the open road. That slow test indicates good compression, smooth operating valves, efficient ignition. One of the handiest tests for a fuel pump is to drive about 40 miles per hour in second gear. Unless the pump is

percolating properly it will not deliver sufficient fuel and the engine will start to limp.

Likewise it isn't necessary to resort to speed in order to get a line on the brakes. That's why so many mechanics will just test brakes within the confines of the shop. A stop at 10 miles per hour will tell him what he needs to know about equalization.

When one owner came into a repair shop with the request that the mechanic take a ride to see how poorly the car operated on a rough road the invitation was immediately shelved in favor of a much more simple way to determine what was wrong. Rocking

the front of the car up and down the mechanic quickly noticed that the shock absorbers there were not controlling spring action. He needed no further testing.

**Not Always The Lifters**

Because hydraulic valve lifters are fairly new to a large segment of the motoring public, and are a convenient excuse if noises develop in the engine, it is well to remember that many a clicking noise may be due to other conditions. Worn timing chains or gears are often found to be the cause of odd motor noises which sound like faulty lifters. In the case of overhead valve engines a worn rocker arm will click annoyingly. Excessive valve stem clearance is another source of noise. A mild case of piston slap, or even a bent connecting rod bearing may be mistaken for trouble with hydraulic lifters.

**For Future Reference**

Are the brake shoes of one of the brakes sticking?

There's a simple way to test. Just tap the particular drum with a hammer. If there is no ring the indications are that one of the shoes of this brake is still in position against the inside of the drum even though the brake pedal is not being pressed.

**Mechanic Joe Speaking:**

"One of the most disturbing noises I ever heard in the front end of a customer's car turned out to be nothing more serious than a loose rivet in the frame. When it was discovered I just peened

the head for a tight fit. It was just a detail but it served to remind me how noisy we have to be when looking for the answers.

"Another one that had me guessing was a loose motor mount. It made a sort of snapping noise. Then there was a loose baffle plate in the gas tank, not to mention a marble which a child had put into the gas tank filler pipe. Noises, incidentally, are often caught red-handed when the car is stuck still with someone just giving it a rocking action or jarring it."

**Good Rule For Safety**

You may know the rule about leaving a car's length between the front of your vehicle and the rear of the one ahead, when driving in slow traffic, but what about the situation as speed increases? Here's where you may profit by keeping in mind the handy rule that the minimum space should be an additional car length for each ten miles of speed increase. That would mean not less than 50 feet at 30mph. Personally I'd make it 75.

**Care In The Refilling**

This being the time of year when an idle hour or two offers the opportunity to drain off and refill the good old cooling system perhaps it would be well to point out one or two precautions. First of all, don't do this with the engine hot, unless you are trying to get rid of rust and stirred up sediment, and in that event do not refill until the engine has thoroughly cooled off. Second, make sure that you

put in the right amount of water before starting off on a trip. Sometimes the hot water heater will not be refilled without running the motor a minute or two. The motor thermostat can also temporarily change the picture. So recheck the level after you have run the engine long enough to warm it up and fully circulate the water. The cold level of coolant should be about two inches below the top of the overflow pipe. Don't forget to add some rust inhibitor with the fresh water.

**Keep These In Mind**

If you are using self-sealing inner tubes be sure to check tire treads once a month, removing any tacks, nails or sharp pieces of glass that may be embedded in the rubber. If this is not done the inner tube may be torn beyond its normal ability to self seal.

If the engine is already suffering from various conditions that result in overheating be sure to check into the possibility of bent fan blades.

**Why Speedometer Jumps**

If the speedometer pointer of your car develops the habit of jumping it is likely due to a dry or kinked cable. What happens is that the cable rubs on the inside of its housing and sort of winds up a bit. This slows down the speedometer's pointer. Then the cable unwinds and the pointer jumps.

**Power Saved A Crash**

Sometimes what seems to be a wild piece of driving carries a lesson. Typical is the scene the other evening when two lads started racing across a lot for first position on the paved road which curved down into it. Just as they were in process of their foolishness a third car started down the hill. From where I watched it seemed inevitable that all three cars would be involved in a serious collision, and my blood pressure rose as one of the lads nosed his car for what seemed to be the only chance of escape and gave the engine all the acceleration it could muster in second gear. The whole thing was right out of the movies and hair raising. But I'm just wondering what would have happened had the key driver lost heart or had determined upon any other course than the split second decision to avoid a smash-up by resorting to power.

The unfortunate fact for the lad is that he may not realize that the best safety aid is not to have to use it at all. Racing is for the race track.

Q. I find that if I use the manual choke the car will run better on hills. I have been told that this is an indication of a weak fuel pump. H. D. F.

A. If the pump were weak there wouldn't be sufficient fuel in the carburetor bowl to make choking effective. Your trouble is a too lean mixture, either from a bad air leak around the intake or a too low carburetor float level.

Q. Is the engine of my car properly oiled if the oil level is low? L. M. McB.

A. With a pressure system the engine will be oiled if the level is below the normal line on the dip stick, but a smaller quantity of oil will thin down more readily and will burn off faster.

Q. It seems as if the generator on the engine of my car becomes over-oiled, yet I have been careful not to apply more than a few drops of oil to the bearings as directed by the manufacturer. The commutator has to be cleaned quite often. R. F.

A. You may be spilling oil when adding oil to the engine, or there may be oily vapors coming out the oil filler pipe which on this car is very close to the generator.

Q. My car has developed the annoying habit of thumping when going slowly over bumps in the road, and when the car is being accelerated. I have noticed it especially when just starting out. This is a type of noise I have not previously run into in many years of experience at the wheel. Wm. L. H.

A. I think you are noticing the action of the automatic transmission when it is shifting "up" through the gears at times when the car is being badly disturbed by the road surface. Best way to check this is to maintain a steady speed while traversing such a spot in the road.

Q. I have been having a lot of trouble getting the engine of my car to idle properly. A check shows

that compression is good in the various cylinders, and without variation. The ignition system seems to be in good condition. The engine isn't being idled too slowly. J. V. S.

A. In a case like this there is always the possibility of leaky valve guides. Air sucks in around the intake valves and thus leans out the mixture. A vacuum test will show up this sort of thing.

Q. What would cause the engine to knock just once when I accelerate it or stop it while idling? This has me puzzled. It is quite a heavy sound. All previous knocks which I have heard are more of a series. L. N. D.

A. This is an indication of a loose flywheel. It shows up when the engine's speed is suddenly changed, as in accelerating or stopping.

Q. I notice that the engine of my car has two fuel filters. Why? N. J. Jr.

A. The first traps out sediment. The second serves to trap out gums in the gasoline.

## Today's Talk

### THE LAST LAP

It's the finish, in all the things we do, that counts most in the end. We are appraised in terms of the efforts that we have put into our work and into life as a whole. To have sincerely striven is to have earned the applause of angels.

In a horse race or an athletic contest, it's the last lap that counts most of all. Into that all the reserve hat one possesses is thrown. Even though that last lap does not result in winning your objective, you will have demonstrated your courage and your caliber. All triumphs are made up of endless tries.

Condition is about everything in terms of a contest. It's the thing that tells the story of the last lap. It also tells the story of one's happiness and success in life, for the mind, the body, and the spirit of a person must be conditioned to health and a wholesome outlook upon life.

More luck plays a very small part in one's genuine success, unless you create that luck! People who get joy and spiritual substance out of habitual work never complain about not being given chance. They create the chances as they envision that last lap! We all hope for at least one worthy achievement to be entered below our name.

That which instills incentive and ambition within us is an habitual performance from day to day—no matter what the work, so long as it is useful and worthy of us. That is sure to make notable the last lap by anyone, in any contest, and indeed in life itself.

The reserves that we set aside in the bank, and those which we store away in our own bodies, are what tell as we come to the last lap in many an enterprise. They give confidence and assurance, and a personal uplift!

Protect, 1954, George Matthew Adams Service

## Just Folks

### LOST AMBITIONS

Time was, but it was long ago,  
When I was just a lad,  
It seemed that every day or so  
A splendid dream I had.  
A most ambitious boy I was.  
So kind was one to me,  
Like him I hoped that by and by  
A milkman I would be.

One of "the finest" walked our street,  
The first I ever knew.  
Policeman he upon his beat  
With badge and suit of blue.  
I gave up thinking milk I'd sell,  
At many a door to stop.  
I told my folks if all went well  
Some day I'd be a cop.

Another dream soon followed that,  
I thought if I had luck  
In time I'd drive a fireman's hat  
And drive a ladder truck,  
But fascination once again  
A dreamer made of me.  
I wished (and now I know in vain)  
A carpenter to be.

At last the looked for years have flown  
And old ambitions, too.  
A milkman's route I've never known  
Or worn a suit of blue,  
For when I was that eager lad,  
Ambitious as could be,  
I couldn't guess just what Time had  
Decided on for me.

## Good Will Days Planned Each Friday By Littlestown Stores; Gift Certificates For Drawings

An important meeting of the retail merchants of the Littlestown Chamber of Commerce was held on Friday morning in the engine house, at which time it was decided to promote a Good Will Day in the community, on each Friday at 8 p.m., beginning on September 10.

Several \$20 gift certificates will be given at each Good Will Day drawing. The certificates are redeemable for merchandise from the place of business from where they are issued. Whenever a purchase is made, in a majority of the community stores, tickets will be given according to the amount purchased and the stub bearing a number will be placed for the drawing and the second half of the stub will be kept by the purchaser.

All the stores of the community will be open on Friday evenings until 9 o'clock. According to the response of merchants present at the meeting and the letters received by the Chamber prior to the session, practically 100 per cent of the local business men appear in favor of the stores remaining open each Friday until 9 p.m. A report was given by the committee in charge of conducting the survey concerning the stores being open each Friday night. The committee included R. J. Stoner, Samuel H. Hignibotham, Theron W. Spangler, John D. Basehoar, Paul L. Hollinger and A. Richard Geisler. The session Friday morning was in charge of Marvin F. Breighner, president.

**Society Holds Outing**  
Members of the Ladies' Aid Society of St. John's Lutheran Church, and their families, held an outing on Wednesday evening at the Preston Clouser cottage, near Hanover.

Thirty-three were in attendance and a weiner roast was enjoyed by the group. Other picnic style refreshments were served. Horseshoe pitching contests were held for the men and women. Indoor games were played and a Bible quiz was conducted. A hymn sing was concluded with "Blest Be The Tie That Binds" and the Lord's Prayer was repeated in unison.

The regular business session of the Aid was omitted on Wednesday, and the next regular meeting will be held Thursday, September 30, 7:30 p.m., at the church, when the hostess committee includes Mrs. Frank Hollinger, Mrs. John Spangler, Mrs. John R. Hawk and Mrs. Jesse Bair.

The monthly meeting of the Ladies' Aid Society of St. James' Reformed Church, along the Harney Rd., will be held on Monday evening at 8 o'clock, at the church. The August session of the Consistory will also be held on Monday 8 p.m., at the church.

## Provide Globulin For 62 Children

PHILADELPHIA (P)—Philadelphia health authorities have made available free gamma globulin to 62 children who attended a suburban day camp after diagnosis indicated a 9-year-old girl camper was suffering from polio.

Deputy Health Commissioner Owen B. Stubben said yesterday Diane Goldberg became ill while attending the Rocky Dale Lodge at nearby Green Lane. He ordered employees of the department to telephone the parents of children, who may have been exposed to polio at the camp, to apply for gamma globulin injections.

The lodge is the fourth camp in suburban Montgomery County where the antipolio blood serum has been made available in the last two weeks. Stubben said some 200 Philadelphia children may have been exposed to the disease at the first three camps.

## White Sox Still Gunning For Flag; Best Chisox Average In 37 Years; Yanks Slip; Tribe Wins

By BEN PHLEGAR  
AP Sports Writer

Somebody must have been potted to tell the Chicago White Sox they are out of the American League pennant race.

The go-go boys are back in high gear with a five-game winning streak and breezing as if they thought they still had a chance.

Mathematically, they're right. The figures show the Sox still could overhaul both the second-place New York Yankees and the league-leading Cleveland Indians. They are five games behind New York, 8½ back of Cleveland. But the chances are remote.

**Two Stars Sparkle**  
The White Sox's recent record, however, shows eight victories in their last 10 starts and a highly respectable .642 percentage. That's a better average than any White Sox team has attained since 1917 and would have beaten the Yankees out of the pennant in four of the last five seasons.

Two of the team's brightest stars sparked in last night's 8-2 victory at Detroit.

Virgil Trucks struck out six and scattered nine hits in becoming the first American League pitcher to win 18 games. Minnie Minoso moved within five points of the league batting lead with a run-scoring triple that raised his average to .331.

**Yanks Drop One**  
Cleveland defeated Baltimore 7-2 and gained a full game on the Yankees whose 10-game winning streak was ended by Willard Nixon and the Boston Red Sox 4-3. Nixon is the first pitcher to beat New York four times this season.

Milwaukee slipped another full length behind New York and Brooklyn in the National League. The Braves were beaten for the third time in four games, 3-1 by Chicago. New York defeated Pittsburgh 4-0 and Brooklyn whipped Philadelphia 6-4. The Giants lead the Dodgers by two games and Milwaukee by 6½, pending today's action.

Cincinnati took over fourth place in the National League by shading St. Louis 3-2 despite six double plays by the Cardinals. Philadelphia and Washington in the American League were rained out.

**Grand Slam For Giants**  
Nixon, skipped over in a Red Sox series in New York last weekend, won his own game in Boston with an eighth inning double that drove in the winning run. Sid Hudson had to finish the ninth, however, when Nixon was injured in a slide, attempting to stretch his hit into a triple. Ted Williams beat out a bunt and added a double and a single in three official times at bat—a perfect night.

Al Rosen hit his 21st home run and Larry Doby delivered a three-run triple as the Indians scored six runs in the first two innings at Baltimore.

The Giants scored all of their runs against Pittsburgh on a grand slam home run by Don Mueller in the fifth inning. It was the second bases-loaded homer of his career for Mueller, who specializes in hitting singles. Don Liddle, who came to the Giants from Milwaukee with Johnny Antonelli during the winter, allowed only three hits, all singles.

Brooklyn found the home run range against Robin Roberts of the Phils and handed the strong-armed right-hander his 15th defeat. Duke Snider hit his 30th with a man on in the first. Carl Furillo and Sandy Amoros also homered.

The Braves scored a run in the first inning against Bob Rush but left eight runners stranded in the next eight innings as Rush went on to his eighth victory. Bob Talbot, a reserve outfielder, scored all three Chicago runs and slammed a double and two singles.

The Elks broke into the scoring

**Eastern League**

By THE ASSOCIATED PRESS

Schenectady may be doomed to finish last, but Eastern League batters are having a tough time convincing the Blue Jays' hard-working righthander, Angelo Li Petri.

The rubber-armed Li Petri, who—when he isn't starting—wears a deep path from the bullpen, took a full turn on the hill last night and turned in his best game of the season, a three-hit, 3-0 victory over the visiting Reading Indians.

The whitewash was his 10th triumph this year, giving him credit for more than one-fifth of his team's 49 victories. Li Petri has lost nine, the Jays 71.

Meanwhile, Albany lost 3-1, at Allentown, a defeat that dropped the Senators into a third-place tie with Binghamton, which whipped visiting Wilkes-Barre, 2-1. The Barons' defeat dropped them three full games behind pace-setting Elmira, idled by rain at Williamsport.

By THE ASSOCIATED PRESS

TEXAS LUNCH made it two straight wins in a row as they walloped the Elks 16-3 Friday evening at the Recreation Park in the third of the series of five games for the championship of the community softball league. The fourth tilt in the series will be played Monday evening at 7:30 o'clock.

Timbers and Leech both put plenty of perfect balls across the plate and therefore gave the fans a hard hitting contest on the part of both teams. Timbers did not allow a man to reach first on a free pass, while his opponent Leech walked two and struck out one.

TEXAS LUNCH came up with two quick unearned runs in the first inning when Heintzelman walked, an error on a fielder's choice advanced K. Fair and the lead runner. A sacrifice fly and an infield miscue enabled the two runs to score. In the second frame the Lunchmen went on a hitting spree—they collected six runs. Ketterman got on via an infield miscue, Kitzmiller singled and a sacrifice fly by Kennell brought in one run. Singles by Heintzelman, Timbers and Fissell, a home run by K. Fair and a triple by brother, George Fair, pushed the next five tallies across the plate.

WILLIAMSPORT, Pa. (P)—Second round games of the Pennsylvania Amateur Softball Assn. Class A double elimination tourney opened here today.

Defending champion Tarentum won its opening round game yesterday by topping New Castle, 7-3.

The champions took an early 4-1 lead and held it until the seventh inning when they cut loose for three more runs off the pitching of loser Sam Simon.

Winning pitcher was Curt Campbell. He was relieved in the fifth inning by Clark Miller.

The tourney continues through the weekend with 18 games scheduled.

In other action, New Kensington defeated Crippled Bear, of Williamsport, 3-0, behind the three-hit pitching of starter Alex Olaszewski and a first inning home run by Tex George.

Pitcher Due Luzzi spaced eight hits to lead his Bradford squad to a 7-2 victory over Pickleners, of Williamsport.

By THE ASSOCIATED PRESS

WESTBURY, N. Y. (P)—Pronto Don, leading money winning trotter from the Hayes Fair Acres Stable of Duquoin, Ill., established a new world record of 2:10 1-5 for a mile and a sixteenth last night at Roosevelt Raceway.

Pronto Don and Lanier Hanover were joint holders of the old mark of 2:10 2-5.

Driven by Benny Schue, the 9-year-old gelding won by a half-length over Lord Steward in the \$15,000 trot with Katie Key, the even money choice, third in the 10-horse field.

**Bobo Olson Keeps Title With Unanimous Decision After 15 Round Battle With Castellani**

By THE ASSOCIATED PRESS

SAN FRANCISCO (P)—Middleweight champion Carl (Bobo) Olson remained the kingpin of the world's 160-pound division today after having turned back the threat of the nation's top challenger, Rocky Castellani of Cleveland.

Balding Bobo of San Francisco captured a unanimous decision over the 28-year-old Rocky last night in a 15-round nationally televised battle that was spirited, if not spectacular, and highly dramatic in at least six minutes of the struggle.

Olson is richer by \$125,000, his guarantee from Castellani's manager, Al Naiman.

**Rocky Broke His Hand**  
The 26-year-old native of Honolulu said he plans to continue fighting in the middleweight ranks despite the trouble he had making the weight limit.

Castellani, defeated for only the sixth time in 63 fights, had a date with a doctor this morning. Dr. A. Lastretti, physician for the State Athletic Commission, said Rocky fractured a bone in his left hand.

Presumably the mishap occurred in the second round when Bobo caught one of Rocky's swings on his elbow. The break was never evident to the crowd because Rocky kept throwing leather whether he landed or not.

**Knockdown For Each**  
Highlights of the fight were packed in the 11th and 12th rounds. As they came out for the 11th Rocky let fly with a right and before anyone realized it, the startled champion was sitting on the seat of his pants. Rocky tripped over Olson's leg and his glove touched the canvas, but he was up immediately.

Bobo scrambled as quickly as he could to his feet, which required a three-count, and proceeded to give Rocky all he could handle for the rest of the round.

Bobo claimed later that their feet got tangled up and he was caught and hit off balance.

In the 12th Bobo applied a crusher. A long overhand right found Rocky's jaw and sent him crashing to the canvas.

**Took Nine Count**  
The game Rocky needed and took a nine-count, and to his credit, fought out the round like a wounded tiger. But his hopes faded from that point on.

The unanimous verdict was automatic. Referee Ray Flores called it 89-76 under California's 11 points per round scoring system, Judge Fred Apostoli had it 85-80 and Judge Jack Downey scored 87½-77½. The AP made it 89½-75½. Both fighters weighed in at 160. The gate was \$121,470; TV rights, \$100,000.

Castellani's share was 60 per cent of the net gate and TV money, or slightly under Olson's \$125,000.

## THE LAST LAP

It's the finish, in all the things we do, that counts most in the end. We are appraised in terms of the efforts that we have put into our work and into life as a whole. To have sincerely striven is to have earned the applause of angels.

In a horse race or an athletic contest, it is the last lap that counts most of all. Into that all the reserve hat one possesses is thrown. Even though that last lap does not result in winning your objective, you will have demonstrated your courage and your caliber. All triumphs are made up of endless tries.

Condition is about everything in terms of a contest. It's the thing that tells the story of the last lap. It also tells the story of one's happiness and success in life, for the mind, the body, and the spirit of a person must be conditioned to health and a wholesome outlook upon life.

More luck plays a very small part in one's genuine success, unless you create that luck! People who get joy and spiritual substance out of habitual work never complain about not being given chance. They create the chances as they envision that last lap! We all hope for at least one worthy achievement to be entered below our name.

That which instills incentive and ambition within us is an habitual performance from day to day—no matter what the work, so long as it is useful and worthy of us. That is sure to make notable the last lap by anyone, in any contest, and indeed in life itself.

The reserves that we set aside in the bank, and those which we store away in our own bodies, are what tell us we come to the last lap in many an enterprise. They give confidence and assurance, and a personal uplift!

## LOST AMBITIONS

Time was, but it was long ago, When I was just a lad, It seemed that every day or so A splendid dream I had. A most ambitious boy was I. So kind was one to me, Like him I hoped that by and by A milkman I would be.

One of "the finest" walked our street, The first I ever knew. Policeman he upon his beat With badge and suit of blue. I gave up thinking milk I'd sell, At many a door to stop. I told my folks if all went well Some day I'd be a cop.

Another dream soon followed that, I thought if I had luck In time I'd wear a fireman's hat And drive a ladder truck, But fascination once again A dreamer made of me. I wished (and now I know in vain) A carpenter to be.

At last the looked for years have flown And old ambitions, too. A milkman's route I've never known Or worn a suit of blue, For when I was that eager lad, Ambitious as could be, I couldn't guess just what Time had. Decided on for me.

# Good Will Days Planned Each Friday By Littlestown Stores; Gift Certificates For Drawings

An important meeting of the retail merchants of the Littlestown Chamber of Commerce was held on Friday morning in the engine house, at which time it was decided to promote a Good Will Day in the community, on each Friday at 8 p.m., beginning on September 10.

Several \$20 gift certificates will be given at each Good Will Day drawing. The certificates are redeemable for merchandise from the place of business from where they are issued. Whenever a purchase is made, in a majority of the community stores, tickets will be given according to the amount purchased and the stub bearing a number will be placed for the drawing and the second half of the stub will be kept by the purchaser.

All the stores of the community will be open on Friday evenings until 9 o'clock. According to the response of merchants present at the meeting and the letters received by the Chamber prior to the session, practically 100 per cent of the local business men appear in favor of the stores remaining open each Friday until 9 p.m. A report was given by the committee in charge of conducting the survey concerning the stores being open each Friday night.

The committee included R. J. Stoner, Samuel H. Higginbotham, Theron W. Spangler, John D. Basehor, Paul L. Hollinger and A. Richard Geisler. The session Friday morning was in charge of Marvin F. Breighner, president.

**Society Holds Outing**  
Members of the Ladies' Aid Society of St. John's Lutheran Church, and their families, held an outing on Wednesday evening at the Preston Clouser cottage, near Hanover. Thirty-three were in attendance and a wicker roast was enjoyed by the group. Other picnic style refreshments were served. Horseshoe pitching contests were held for the men and women. Indoor games were played and a Bible quiz was conducted. A hymn sing was concluded with "Blest Be The Tie That Binds" and the Lord's Prayer was repeated in unison.

The regular business session of the Aid was omitted on Wednesday, and the next regular meeting will be held Thursday, September 30, 7:30 p.m., at the church, when the hostess committee includes Mrs. Frank Hollinger, Mrs. John Spangler, Mrs. John R. Hawk and Mrs. Jesse Blair.

The monthly meeting of the Ladies' Aid Society of St. James' Reformed Church, along the Harney Rd., will be held on Monday evening at 8 o'clock, at the church. The August session of the Consistory will also be held on Monday 8 p.m., at the church.

# Provide Globulin For 62 Children

PHILADELPHIA (AP)—Philadelphia health authorities have made available free gamma globulin to 62 children who attended a suburban day camp after diagnosis indicated a 9-year-old girl camper was suffering from polio. Deputy Health Commissioner Owen B. Stubben said yesterday Diane Goldberg became ill while attending the Rocky Dale Lodge at nearby Green Lane. He ordered employees of the department to telephone the parents of children, who may have been exposed to polio at the camp, to apply for gamma globulin injections. The lodge is the fourth camp in suburban Montgomery County where the antipolio blood serum has been made available in the last two weeks. Stubben said some 200 Philadelphia children may have been exposed to the disease at the first three camps.

## White Sox Still Gunning For Flag; Best Chisox Average In 37 Years; Yanks Slip; Tribe Wins

By BEN PHLEGAR  
AP Sports Writer

Somebody must have forgotten to tell the Chicago White Sox they are out of the American League pennant race.

The go-go boys are back in high gear with a five-game winning streak and breezing as if they thought they still had a chance. Mathematically, they're right. The figures show the Sox still could overhaul both the second-place New York Yankees and the league-leading Cleveland Indians. They are five games behind New York, 8½ back of Cleveland. But the chances are remote.

**Two Stars Sparkle**  
The White Sox's recent record, however, shows eight victories in their last 10 starts and a highly respectable .642 percentage. That's a better average than any White Sox team has attained since 1917 and would have beaten the Yankees out of the pennant in four of the last five seasons.

Two of the team's brightest stars sparked in last night's 8-2 victory at Detroit.

Virgil Trucks struck out six and scattered nine hits in becoming the first American League pitcher to win 18 games. Minnie Miñoso moved within five points of the league batting lead with a run-scoring triple that raised his average to .331.

**Yanks Drop One**

Cleveland defeated Baltimore 7-2 and gained a full game on the Yankees whose 10-game winning streak was ended by Willard Nixon and the Boston Red Sox 4-3. Nixon is the first pitcher to beat New York four times this season.

Milwaukee slipped another full length behind New York and Brooklyn in the National League. The Braves were beaten for the third time in four games, 3-1 by Chicago. New York defeated Pittsburgh 4-0 and Brooklyn whipped Philadelphia 6-4. The Giants lead the Dodgers by two games and Milwaukee by 6½, pending today's action.

Cincinnati took over fourth place in the National League by shading St. Louis 3-2 despite six double plays by the Cardinals. Philadelphia and Washington in the American League were rained out.

**Grand Slam For Giants**

Nixon, skipped over in a Red Sox series in New York last weekend, won his own game in Boston with an eighth inning double that drove in the winning run. Sid Hudson had to finish the ninth, however, when Nixon was injured in a slide, attempting to stretch his hit into a triple. Ted Williams beat out a bunt and added a double and a single in three official times at bat—a perfect night.

Al Rosen hit his 21st home run and Larry Doby delivered a three-run triple as the Indians scored six runs in the first two innings at Baltimore.

The Giants scored all of their runs against Pittsburgh on a grand slam home run by Don Mueller in the fifth inning. It was the second bases-loaded homer of his career for Mueller, who specializes in hitting singles. Don Liddle, who came to the Giants from Milwaukee with Johnny Antonelli during the winter, allowed only three hits, all singles.

Brooklyn found the home run range against Robin Roberts of the Phils and handed the strong-armed right-hander his 11th defeat. Duke Snider hit his 30th with a man on in the first. Carl Furillo and Sandy Amoros also homered.

The Braves scored a run in the first inning against Bob Fosse but left eight runners stranded in the next eight innings as Ruth went on to his eighth victory. Bob Talbot, a reserve outfielder, scored all three Chicago runs and slammed a double and two singles.

### YESTERDAY'S STARS

BATTING—Don Mueller, New York Giants, hit the second grand slam home run of his career, accounting for all of the runs in New York's 4-0 triumph over Pittsburgh.

## Eastern League

By THE ASSOCIATED PRESS

Schenectady may be doomed to finish last, but Eastern League batters are having a tough time convincing the Blue Jays' hard-working right-hander, Angelo Li Petri.

The rubber-armed Li Petri, who—when he isn't starting—wears a deep path from the bull pen, took a full turn on the hill last night and turned in his best game of the season, a three-hit, 3-0 victory over the visiting Reading Indians.

The whitewash was his 10th triumph this year, giving him credit for more than one-fifth of his team's 49 victories. Li Petri has lost nine, the Jays 71.

Meanwhile, Albany lost 3-1, at Allentown, a defeat that dropped the Senators into a third-place tie with Binghamton, which whipped visiting Wilkes-Barre, 2-1. The Barons' defeat dropped them three full games behind pace-setting Elmira, idled by rain at Williamsport.

CARLISLE, Pa. (P)—A 5-year-old Carlisle boy died yesterday of injuries received when he was struck by a car while playing near his home.

Carlisle police said Marius J. Haayen died at the Carlisle Hospital shortly after being taken there following the accident. The police said they are making an investigation.

## Texas Lunch Wins 2nd Tilt To Lead In Softball Loop Series; Next Game Monday

Texas Lunch made it two straight wins in a row as they walloped the Elks 16-3 Friday evening at the Recreation Park in the third of the series of five games for the championship of the community softball league. The fourth tilt in the series will be played Monday evening at 7:30 o'clock.

Timbers and Leech both put plenty of perfect balls across the plate and therefore gave the fans a hard hitting contest on the part of both teams. Timbers did not allow a man to reach first on a free pass, while his opponent Leech walked two and struck out one.

Texas Lunch came up with two quick unearned runs in the first inning when Heintzelman walked, an error on a fielder's choice advanced K. Fair and the lead runner. A sacrifice fly and an infield miscue enabled the two runs to score. In the second frame the Lunchmen went on a hitting spree—they collected six runs. Ketterman got on via an infield miscue, Kitzmiller singled and a sacrifice fly by Kennell brought in one run. Singles by Heintzelman, Timbers and Fissel, a home run by K. Fair and a triple by brother, George Fair, pushed the next five tallies across the plate.

**Elks Score**  
The Elks broke into the scoring column in the bottom of the second. Saunders singled, Schmitt took first by way of an infield error and Kime uncorked a single to right field to bring in the second run. The only other Elks' run came in the fourth inning when "Reds" Saunders lashed out a line drive that ended in deep right field for a home run.

Texas Lunch went on to tally a run in the fourth, four more in the fifth and three in the sixth. The damaging blows in those frames were a double by Heintzelman and a triple by Kitzmiller.

Heintzelman and Kitzmiller led Texas Lunch to victory by blasting out a trio of hits each, with the latter scoring four times and the former three times. Saunders pulled in a perfect night for the Elks as he collected three hits for three times at the plate, including a single, double and home run and scoring twice himself.

Pronto Don and Lanier Hanover were joint holders of the old mark of 2:10 2-5.

Driven by Benny Schue, the 9-year-old gelding won by a half-length over Lord Steward in the \$15,000 trot with Katie Key, the even money choice, third in the 10-horse field.

## OPEN 2ND ROUND FOR SOFTBALL

WILLIAMSPORT, Pa. (P)—Second round games of the Pennsylvania Amateur Softball Assn. Class A double elimination tourney opened here today.

Defending champion Tarentum won its opening round game yesterday by topping New Castle, 7-3.

The champions took an early 4-1 lead and held it until the seventh inning when they cut loose for three more runs off the pitching of loser Sam Simon.

Winning pitcher was Curt Campbell. He was relieved in the fifth inning by Clark Miller.

The tourney continues through the weekend with 18 games scheduled.

In other action, New Kensington defeated Crippled Bear, of Williamsport, 3-0, behind the three-hit pitching of starter Alex Olaszewski and a first inning home run by Tex George.

Pitcher Due Luzzi spaced eight hits to lead his Bradford squad to a 7-2 victory over Pickleners, of Williamsport.

## Peewee Pollard Is Out For Revenge

ASBURY PARK, N. J. (P)—Peewee Pollard of New Brunswick tries to avenge an earlier televised licking by Eugene Fossire of Newark when a TV amateur fight program features their 118-pound bout tonight.

The card of three-round amateur scraps at the Asbury Park Armory goes on ABC-TV nationally between 9 and 9:45 p. m. EDT. It will be the fourth "champions of Tomorrow" show telecast from this resort this summer.

## Bobo Olson Keeps Title With Unanimous Decision After 15 Round Battle With Castellani

By BOB MYERS

SAN FRANCISCO (P)—Middleweight champion Carl (Bobo) Olson remained the kingpin of the world's 160-pound division today after having turned back the threat of the nation's top challenger, Rocky Castellani of Cleveland.

Balding Bobo of San Francisco captured a unanimous decision over the 28-year-old Rocky last night in a 15-round nationally televised battle that was spirited, if not spectacular, and highly dramatic in at least six minutes of the struggle.

Olson is richer by \$125,000, his guarantee from Castellani's manager, Al Naiman.

**Rocky Broke His Hand**

The 26-year-old native of Honolulu said he plans to continue fighting in the middleweight ranks despite the trouble he had making the weight limit.

Castellani, defeated for only the sixth time in 63 fights, had a date with a doctor this morning. Dr. A. Lastretti, physician for the State Athletic Commission, said Rocky fractured a bone in his left hand.

Presumably the mishap occurred in the second round when Bobo caught one of Rocky's swings on his elbow. The break was never evident to the crowd because Rocky kept throwing leather whether he landed or not.

**Knockdown For Each**

Highlights of the fight were packed in the 11th and 12th rounds. As they came out for the 11th Rocky let fly with a right and before anyone realized it, the startled champion was sitting on the seat of his pants. Rocky tripped over Olson's leg and his glove touched the canvas, but he was up immediately.

Bobo scrambled as quickly as he could to his feet, which required a three-count, and proceeded to give Rocky all he could handle for the rest of the round.

Bobo claimed later that their feet got tangled up and he was caught and hit off balance.

In the 12th Bobo applied a crusher. A long overhand right found Rocky's jaw and sent him crashing to the canvas.

**Took Nine Count**

The game Rocky needed and took a nine-count, and to his credit, fought out the round like a wounded tiger. But his hopes faded from that point on.

The unanimous verdict was automatic. Referee Ray Flores called it 89-79 under California's 11 points per round scoring system. Judge Fred Apostoli had it 85-80 and Judge Jack Downey scored 87½-77½. The AP made it 89½-75½.

Both fighters weighed in at 160. The gate was \$121,470; TV rights, \$100,000.

## ONLY 53 BILLION VOTED TO RUN GOVERNMENT

WASHINGTON (AP) — Congress voted a mere \$53,909,000,000 to run the federal government this fiscal year — the smallest total since before the outbreak of the Korean War.

At the same time, the lawmakers cut only about \$2,600,000,000 from the \$56,544,000,000 in new cash requested by President Eisenhower in his budget for the year ending next June 30.

This year's appropriations fell about \$5,500,000,000 below the \$59,496,000,000 voted by Congress last year after the Republicans returned to power.

Short Of Estimates  
And they were only about half of the post-World War II record total of 101 billion voted in 1951, the year the nation started in earnest to rebuild its military might after the Red attack on South Korea.

Congress wound up its appropriations for the session Thursday when first the House, then the Senate, passed a compromise foreign aid funds bill totaling \$5,243,575,766. The measure lays heavy stress on military defenses, much less on economic aid, in providing \$2,781,499,816 in new cash and re-appropriating \$2,462,075,979 in carry-over funds to bolster the free world against the Communist threat.

Although Congress voted just under \$4 billion, the President has estimated that spending will reach \$56,570,000,000 this fiscal year. With revenue expected to hit \$61,642,000,000, the anticipated deficit would be \$3,900,000,000.

## RESCUED FROM LOFTY LEDGE IN GRAND CANYON

GRAND CANYON, Ariz. (AP) — "It seems like I am reborn," Albert Cane, 34, Los Angeles, muttered after his helicopter rescue Thursday from a ledge in the Grand Canyon where he had spent two days.

Cane was on a hiking expedition with his brother Donald, 24, and Otto Straussberger, 34, Los Angeles, when his companions left him to get water.

While they were gone, he stumbled over a 10-foot cliff and landed on the ledge.

Notified Rangers  
"I tried again and again to scramble back up the cliff above me but I just couldn't make it," he said.

His brother and Straussberger notified rangers Cane was lost and a search party was launched. The helicopter was provided by nearby Nellis Air Force Base, Las Vegas, Nev.

"I dozed off a few times during the two nights on the ledge but I couldn't sleep comfortably," Cane said.

## 2 BANKS SEEK \$375,000 LOANS

PHILADELPHIA (AP) — Two Philadelphia banks have filed suit to recover \$375,000 in loans made to Trilling and Montague, an appliance firm whose partner and controller committed suicide last June.

Police had described the deaths of Harry Montague, a partner in the firm, and controller Jacob A. Cohen, 55, as suicides after the two were found dead June 6.

Montague was found shot to death in a stable on his suburban Haverford Twp. estate. Five hours later the body of Cohen was found in a hotel room.

One suit for \$275,000 was filed by the Philadelphia National Bank. It was based on five notes signed by Montague and six notes signed by the surviving partner, David Trilling.

The other suit for \$100,000 was entered by the Trademans Bank and Trust Co. on the basis of four notes and two credit acceptances signed by Montague.

Philadelphia National said it made a formal request to Trilling last Monday for repayment on the loans and said he refused.

## Arkansas Tornado Has Newest Victim

STUTTGART, Ark. (AP) — The tornado that cut through Arkansas in 1962 and took 116 lives claimed another victim two years later. James Leon Woodyard, 9, who suffered a head injury in the storm, fell into an irrigation ditch and drowned. His father said the boy had frequent, sudden fainting spells since the tornado, and officers said evidence indicated that the boy fainted and fell into the water.

## 25TH, 2ND U.S. DIVISION WILL LEAVE KOREA

SEOUL (AP) — Two U.S. infantry divisions — the 25th and 2nd — will be pulled out of Korea "in the immediate future," the Army announced Friday, but they will not be transferred as units.

Two other American divisions scheduled to leave Korea before the end of the year have not yet been identified.

Gen. Maxwell D. Taylor, 8th Army commander, said there will be "considerable shuffling" of men in the 2nd and 25th to give men with long service in Korea priority.

The 25th Division, which came to the Far East from Hawaii, returns to Hawaii's Schofield Barracks. The 2nd will be stationed in the United States. It formerly was based at Ft. Lewis, Wash.

Remaining U.S. divisions now in Korea are the 3rd, 7th, 24th and 1st Marines.

Cut Combat Troops  
A U.S. regimental combat team now stationed here is to be pulled out, and the number of support troops unquestionably will be cut.

The 1st British Commonwealth Division is expected to be sharply reduced.

Previously announced plans call for leaving two U.S. divisions plus one division of U.N. and U.S. troops to bolster South Korea's 20-division army.

South Korea has bitterly protested the withdrawal. Some 10,000 Koreans paraded in Pusan today and other groups demonstrated in Seoul and Incheon.

Thursday the ROK government mobilized 100,000 persons for a protest rally in Seoul.

Taylor said Friday the 2nd Division is to be reorganized as a small escort unit of about 1,000 men who have completed their normal overseas tour. He said the 25th would include men "with varying portions of their overseas tours completed."

An 8th Army spokesman said, however, that men with almost enough time to be sent home will be pulled out of the 25th.

## 4-DAY HONORS FOR DE GASPERI

SELLA VAL SUGANA, Italy (AP) — gan early Friday for former Premier Alcide de Gasperi with a memorial mass here in the Dolomites he loved and climbed.

As the body of the grim, gaunt fighter for European unity against communism lay in the mountain chalet where he died earlier Thursday, members of his family, Italy's top officials and townfolk knelt in the tiny Roman Catholic church of Sella de Val Sugana.

The 73-year-old statesman's body will be placed in a wood and crystal coffin later today and taken down the mountain trail to Borgo Val Sugana for private family services attended only by his widow and two of his daughters. The third daughter is a nun in a convent near Rome.

After the service the body will be taken through the mountains of De Gasperi's native south Tyrol to Trent, near the tiny village where he was born. The body will lie in state in the Trent cathedral until Saturday, when it will be placed aboard a special train for the trip to Rome, where a state funeral will be held Monday.

## PLAN PORTABLE ATOMIC PLANT

WASHINGTON (AP) — The Army is going to order an atomic power plant that can be knocked down and flown to remote bases for quick reassembly.

The Army said Thursday the plant would be the first to produce both heat and electricity.

A working model will be built at nearby Ft. Belvoir, Va., at a cost estimated at less than eight million dollars. It is expected to be in operation within two or three years and would, at peak production, meet the residential needs of 1,700 persons.

The Army said the initial high cost of such atomic plants may be outweighed by a saving in transportation of fuel for conventional plants.

Thirty-three firms have expressed interest in the project and have been invited to bid.

## DEMAND CZECHS PAY \$271,383

WASHINGTON (AP)—The United States, accusing Czechoslovakia of acting "maliciously" and lying, has demanded \$271,383 for the shooting down of an American jet plane last year.

Damages were sought for the loss of an F84 jet fighter near the boundary dividing the U.S. zone of Germany from Czechoslovakia March 10, 1953.

The pilot, Lt. Warren G. Brown of Henderson, Colo., parachuted to safety.

He was flying one of two U.S. planes dispatched to look into the presence of a pair of Soviet-built MIG planes near Pilsen, on the border. The State Department declared radar proved neither American aircraft left the U. S. zone at any time.

The department's strongly phrased, 4,500-word note was delivered to the Czech Foreign Ministry in Prague three days ago. It suggested that any dispute over the claim be placed before the International Court of Justice.

## MAN ORDERED

(Continued from Page 1)

Brown house his truck got away from him, ran off the road and upset, Laughman said. That was caused, he said, by the after effects of a head operation which "three times" has caused him to faint away.

Laughman had two witnesses, Arthur Smith, a grocery operator, and Leo Keech, a service station operator, to say they heard Brown tell Laughman after a hearing before a justice that he "was not afraid of Laughman."

Support Orders Folloni a desertion and non-support hearing Friday afternoon Charles L. Neiman, Abbottstown, was directed to pay \$15 per week for the support of his family, enter into a bond of \$500 on his own recognizance and pay the costs. A similar \$15 per week order was entered against Albert L. Wildasin, Spring Grove, R. 2, following a desertion hearing.

James Wills, Emmitsburg, R. 1, who was sentenced November 1953 to nine to 18 months in the Allegheny Workhouse on a charge of burglary and robbery and burglary, was placed on parole for one year on condition he pay one-half of the costs of the case.

## GREAT SCANDAL OF CHURCH IS SEGREGATION, LEADERS TOLD

EVANSTON, Ill. (AP) — Christian leaders from many lands today were told that racial segregation is "the great scandal in the church especially in the United States and South Africa."

The problem was laid before delegates to the assembly of the World Council of Churches with a suggestion that they search for its solution in "a calm Christian spirit."

Benjamin E. Mays, president of Morehouse College, Atlanta, added:

"The local churches permit secular bodies such as the state and federal courts, the United Nations, big league baseball, professional boxing, colleges, the public schools and theaters to initiate change in the area of race."

Churches Slow To Follow  
"But even when secular bodies initiate the change, local churches, Negro and white, follow slowly or not at all."

"It will be a sad commentary on our life and time if future historians can write that the last bulwark of segregation based on color in the United States and South Africa was God's church."

Dr. Ben Marais of the Dutch Reformed Church of South Africa told the conferees:

"Christian men and women in many lands look towards the church for guidance."

Must Educate Laymen  
He pointed out that tensions often develop between racial groups, and added:

"Therefore it is becoming that we face this problem in a calm

Christian spirit."

The addresses of Dr. Mays, a delegate and a Baptist, and Dr. Marais, an assembly consultant, were prepared for delivery before representatives of 163 denominations in 48 countries.

Col. Francis P. Miller, a delegate from Charlottesville, Va., asserted that churches have failed to educate laymen to regard their workday jobs as the "place to which God has called them to serve Him."

Not Separate Lines

Many, he said, are inclined to think of their lives as Christians as separate from their lives as citizens, businessmen or factory workers.

"Regardless of what the assignment of each may be," he said, "God calls us all to stand for truth, purity of personal life, decency and fair play in human relations, for community, for justice

## DR. S. SHEPPARD DENIES GUILT

CLEVELAND (AP)—Dr. Samuel H. Sheppard, 30, pleaded innocent at his arraignment Friday and his counsel in a surprise move made no request for bail.

William J. Corrigan, head of the and for peace."

A clergyman who came from behind the Iron Curtain told churchmen yesterday that communism aims at eventual destruction of the Christian faith.

Dr. Guenter Jacob, general superintendent of a large district of the United Evangelical Church in the Soviet zone of Germany, asserted that the "guilt" between Christianity and communism "cannot be bridged."

defendant's legal staff, previously said he would ask Common Pleas Judge Arthur H. Day to set bail or call a hearing.

Corrigan made no mention of the matter at the arraignment. Queried by reporters, he said:

"No comment. I'm not trying this case in the newspapers." Dressed nattily in a charcoal grey suit, Dr. Sheppard was accompanied by Corrigan and his co-counsel, Fred H. Garmone, as he stepped before the bench to enter a plea to first degree murder indictment.

After the indictment was read,

Garmone said simply "Not guilty, your honor."

Sheppard was returned immediately to his cell in county jail.

Sheppard, charged with first-degree murder in the bludgeoning slaying of his 31-year-old pregnant wife, was indicted by a grand jury last Tuesday. He had been out on \$50,000 bond for one day, before the indictment was returned and he was rearrested.
